

**Endoscope Repair:** Flexible, Rigid, Camera Heads, Power ● **Refurbished Endoscopy Equipment:** GI and Surgical  
● **ERBE Surgical Systems:** Electrosurgery, Helix Hydro-Jet™ ●

## Recover Revenue With Your Used Equipment

Do you have equipment that is no longer being utilized or has been retired?

Your flexible and rigid scopes are assets. Regardless of the fact that they might be 'used' they are still valuable to your organization.

You need accurate information to make a smart business decision. Have Life Systems evaluate your assets for fair market value verses just a trade-in rate. The fair market value is commonly 1.5 - 2 times the manufacturer trade-in.

By trading in your equipment to the manufacturer, it is more difficult to ascertain the discount you are receiving. An asset appraisal by Life Systems will give you the leverage you need to obtain maximum value for your existing equipment and the lowest possible cost on the new replacement equipment.

Remember your old equipment might be worth much more than you expect.

### Life Systems Purchases Many Models of:

- 160 Series Olympus Video Scopes and Video Systems
- Olympus Fiberoptic Scopes; All Types
- Surgical Camera Systems from Storz, Stryker, Dyonics, Olympus and many others.
- Rigid Laparoscopes, Cystoscopes, Arthroscopes and Sinuscopes from Storz, Stryker, Dyonics, Olympus, Wolf and many others.

### The Process

If you are ready to upgrade your equipment inventory, or you have equipment that you would like to turn into cash, contact Life Systems, Inc. and we will evaluate it and provide an honest and firm offer. Should you accept the offer we will:

- 1.) Send you a check right away; or,
- 2.) You can use it as credit towards any purchase of new or refurbished equipment from Life Systems; or,
- 3.) It can be kept on file at Life Systems as a repair credit for future repair needs
